Mr. G. Winter		Full Year	Nov. 2020	Co-opted.

The Trustees are volunteers and none of them, nor their Clerk, receive any remuneration or benefits.

Clerk/Secretary:

Ms. S. Keighley.

Governing Document:

A Scheme dated 4th May 1982 and under a further scheme dated 5th March 1985, the Charity incorporates Wheat's Charity, which had a rent charge on a piece of land at Silchester and was set up to provide overcoats for old men. The charge was redeemed by a single payment in 2001.

Objects of the Charity:

Subject to payment of expenses, the Trustees shall apply the income of the Charity in relieving either generally or individually persons resident in the area of benefit (the Ancient Parish of Tilehurst) who are in conditions of need, hardship or distress by making grants of money or providing or paying for items, services or facilities calculated to reduce the need, hardship or distress of such persons.

Public benefit:

Need hardship or distress is usually interpreted as being on State benefits. Submissions from referring Agencies are taken into account in determining whether a grant should be made, and the size of the grant.

Within this context, all applicants are considered on their merits, and no one is excluded on the grounds of age, disability, race, religion, sex or sexual orientation. Some applicants, with their consent, are referred to other Charities that have more funds available or might better meet their needs.

Professional Advisers:

Solicitors:

Blandy and Blandy, Reading.

Surveyors:

Chaney's Chartered Surveyors, Caversham.

Contacts and information:

The Charity's address is as given above, the telephone number is 0789 9798335 and the e-mail address clerk@tilehurstplc.org.uk. There is a website at www.tilehurstplc.org.uk. Previous Annual Reports and a History of the Charity have been deposited at Tilehurst Library.

Policies:

1. Reserves: The Trustees have agreed the following Reserves:
A Property Reserve of £2,000 for any liabilities that may arise in respect of each of the three main parcels of land held by the Charity (*i.e.* the total level of this reserve is £6,000).
A Contingency Reserve of £1,000 to help with urgent and severe need should available funds be insufficient.
A Key Deposit reserve of £650, representing returnable deposits for keys to the allotment garden sites.
The charity no longer has a development reserve but continues to keep a record of all money spent on development since mid 2010.
2. Grant making: The Trustees have a policy which takes into account the level of need of each applicant, the extent to which a grant would alleviate the need, and the funds available. On-going or repeating grants are not made, as they might prejudice decisions by the Trustees in the future.

3. Investment selection: The Trustees have a policy of seeking qualified professional advice from time to time.
4. Letting of Allotment Gardens: The Trustees have a policy, which takes note of the Disability Discrimination Act (*inter alia*).

Risk management:

1. Trustees' and Officers' Indemnity - The Trustees are required to act in good faith, and aim to do so. They are precluded from insuring against breach of this trust by the Scheme (governing document) of the Charity.
2. Employment legislation - this does not apply as the Trustees have no paid employees.
3. Loss of revenue - The main income of the Charity is from stocks, shares and unit trusts. These are obviously liable to fluctuate in value. The Trustees' policy on Investment selection (see above) helps to minimise the risks involved. No grants are made which involve future and/or regular payments as these might prejudice future decisions of the Trustees by using funds which might be needed for applicants with higher priorities.
4. Extraordinary expenditure - The Trustees have a policy on Reserves (see above), in case of extraordinary expenditure with regard to their land.
5. Public Liability - The Trustees have Public Liability Insurance in respect of their land. This protects them against claims from the public for injury, loss or damage incurred on the Charity's land. This does not cover loss of or damage to tenants' property.
6. Legal Expenses - The Trustees have Legal Expenses insurance to indemnify the cost of bringing or defending legal proceedings.
7. Disability Discrimination Act - The Trustees have addressed the requirements of this Act in their Policy on the Letting of Allotment Gardens, and by permitting the Tilehurst Allotment Association to develop special plots for the disabled.
8. Insurance - The Trustees obtain their Insurances through a well-established local firm of independent Insurance Brokers with a view to obtaining impartial advice and the best terms available.
9. Health and Safety - the Trustees aim to carry out health and safety inspections of the Charity's allotment sites at least once a year. One was carried out in 2019 by Trustees and the Clerk.
10. Financial controls – The Trustees have an annual review of the charity's financial controls to ensure that they are in line with current Charity Commission requirements. These include
11. GDPR – The charity has reviewed its handling of personal data to ensure it is compliant with data protection requirements.

Activities and Achievements:

The Trustees met on 4 occasions during the year, including one meeting for Health and Safety inspection of the allotment sites. It is interesting to note that the Object of the Charity is to assist those in need, hardship or distress. The provision of allotment garden plots, although perhaps the most publicly seen and best known side of the Charity's work, is incidental to this, and is one of the means of obtaining money to assist the beneficiaries.

During 2019, 70 grant applications were received (59 last year). 29 (29) grants were made. Nearly all the applications were supported by one of the statutory or voluntary caring agencies, and this is preferred by the Trustees because it gives some check on the validity of the information given about the applicant's circumstances. Similarly it is the Trustees' normal practice to pay grants directly to suppliers of goods and/or services or to the referring agency, to ensure that the money is spent as requested and agreed. An analysis of the grants applied for and made is given at the end of this Report (figures depend on interpretation of the information given by applicants).

Christian Community Action continues to act in association with the Charity in offering second-hand furniture and household goods at low cost or at no cost, as well as forwarding and supporting applications from needy clients.

The total amount of grants paid out was £10,521.91. Some applicants were referred to other Charities that could better meet their needs.

Most grants are approved at a meeting of the Trustees. When the matter is considered urgent or timely grants may be approved *ex committee* by three Trustees (a *Quorum*). All such grants are reported to the next meeting for confirmation, and then minuted.

In addition, 22 allotment tenants who met the Charity's grant criteria received rent rebates totalling £380.00.

The Charity's Land.

The Charity owns land in Tilehurst, and for the sake of convenience, in this Annual Report, this is treated as four separate areas.

1. The Victoria Recreation Ground. This land has been a Recreation Ground since 1897. In recent years, it has been let to and managed by Reading Borough Council. Although the lease has ended, the present arrangement is continuing until a new lease is agreed.
2. An area fronting Kentwood Hill and Armour Hill, which is known, for convenience, as 'The Reserved Area'. Included in this area is some rough woodland known as 'The Withies', and an enclosed yard. The yard continues to be let. The remainder of this land is currently unused. The area has been fenced and notices warning the public that it is private land, containing uneven ground and derelict buildings have been displayed. The Trustees feel that this area is not suitable, at present, for use or access of any kind.
In order to maximise their income, the Trustees would like to sell all or some of this land for development. This land has been included in the Reading Local Plan and has been zoned for residential use.
3. The Allotment site at Polsted Rd. and Armour Hill. There are 14 vacant allotments on this site. The Trustees continue to be very appreciative of the work of the Tilehurst Allotment Society. This Society, which is entirely independent of the Charity, is for allotment tenants of the Charity, and great credit is due to its officers and members for their contribution to the current state of the sites. Over the last few years, the Society has worked with the Trustees by carrying out maintenance and improvement work.
4. The Chapel Hill site is awaiting development and is zoned for residential use.

This report and the accompanying Statement of Accounts were formally accepted by the Trustees on

Signed..........Chairman of the Trustees.
